The purpose of this permit is to protect the City of Gilroy from any violation of environmental restrictions or regulations required by the State of California and the Environmental Protection Agency. Special Event Car Wash Permits will only be issued to Gilroy based non-profit organizations that provide services or benefits to Gilroy residents or community. Organizations are restricted to one (1) event every 30 days.

**PERMIT CONDITIONS**

1. No wastewater shall be allowed to drain to the public street or public storm drain system.
2. No wastewater shall be allowed to drain to adjacent properties, without written permission from the property owner.
3. Water hoses shall be equipped with automatic shut-off devices to prevent water from continuously running.
4. Water discharged to the sanitary sewer shall pass through a sand/oil interceptor.
5. Any violation of the above conditions shall be considered as cause to revoke the permit and preclude the future issuance of a similar permit.
6. Property owners could be cited for allowing pollutants to get to any creeks, drainage channels or waterways.
7. Provide a plan of water capture and discharge to landscape. (draw on the back of this form showing a site diagram, location of wash activity, where water will be contained and where water will be discharged. Give information on how water will be contained/directed/pumped.)
8. Cars shall not stack into any public street or obstruct normal driveway traffic at the location being used.

**The conditions of this permit are herewith acknowledged and it is agreed to fully comply with the same.**
